The South Carolina Baptist Brotherhood is determined to make a difference in the lives of many students at two Historically Black Colleges. The two schools are Morris College, Sumter, SC and Benedict College, Columbia, SC. Both schools are doing an outstanding job providing a quality education for our young people, but as all colleges, they need financial support to survive. With just a little we can make a big difference. Make your checks payable to the SC Baptist Brotherhood. Thank you in advance for your support.
